

So You Think You Can

Engaging Tomorrow's Leaders

Thanks to our friends at PeopleNet for being LEAD ATA's exclusive sponsor

PEOPLENET

A TRIMBLE COMPANY

Are you built to lead?

For 85 years, trucking executives across the country have worked alongside the American Trucking Associations to represent our industry to lawmakers and regulators, as well as to enhance their companies' efficiency and profitability. Do you have what it takes to join the next generation of leaders?

LEAD ATA is a one-year program geared towards the trucking industry's best and brightest. ATA prepares these LEAD ATAers to become our leaders of tomorrow. Participants gain real-world experience and in-depth industry insights exclusive to the LEAD ATA program. By selecting a diverse group of candidates, this program is composed of various careers, regions, and fleet sizes that make up our industry.

This select group will attend four sessions throughout the year designed to highlight and incorporate the participants into the many facets of ATA in an effort to more effectively utilize the tools ATA makes available and better serve themselves and the companies they represent. As part of their journey, participants will gain a better understanding of the regulatory and legislative process, how it directly affects their business, and what role ATA plays in that process on their behalf. These emerging trucking executives will gain access to a new network of industry peers, enhanced leadership and management skills, and a thorough understanding of the ATA and the industry it represents. Graduates of LEAD ATA will possess all of the tools necessary to lead their companies and our industry into the future!

Important Program Information

- Applicants from motor carrier fleet members and allied members will be selected to participate in the 2019 LEAD ATA class.
- Applicants must be employed by an ATA member in good standing.
- Applicants should complete each section in full (nomination form, application, resume). Only completed applications will be accepted.
